Payment of Fees

Paying membership monthly by Standing Order is the most efficient way of ensuring that your fees are up to date. We welcome members who would like to pay annually or more regularly, but you must ensure that fees are paid in advance and, if fees are changed over the period, any variation is covered.

Members who are not able to attend the club for any reason but wish to continue their membership are still responsible for payment of fees. Membership is an annual cost that we allow members to pay over the term to make it accessible.

While we endeavour to keep fees as low as possible, we do need to raise them occasionally to ensure that we cover the costs of running the club. We aim to do this annually to keep the increments low and look to RPI or similar measure for the basis of the fee increase.

Please note that fees are non-refundable except by agreement of the Club at the discretion of the committee.
